## Leadership with a Vision

*"Don't limit a child to your own learning, for she/he belongs to tomorrow.*

*Reach high, for stars lie hidden in your soul. Dream deep, for every dream precedes the goal."*

*- Rabindranath Tagore*

At the heart of our educational journey lies a profound belief in the potential of every individual. At DPS Kalyanpur, we believe that education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents. Our school fosters a culture of innovation, creativity and resilience, empowering students to be lifelong learners and productive global citizens.

We strive to create self-reliant and independent individuals, motivating the trailing, addressing the average and challenging the gifted. J. Krishnamurti has rightly said "The function of education is to create human beings who are integrated, who have a relationship with everything around them, and who live with a sense of love and compassion." This spirit of resilience and determination is reflected in the remarkable achievement of our students through Beyond Horizons, our annual magazine which showcases their talents and perspectives. I congratulate the editorial board, teachers and students on this achievement. May it continue to inspire and empower our students to reach for the stars.

**Dr. Richa Prakash**  
Principal, DPS Kalyanpur, Kanpur

## Reflections from the Senior Headmistress

At DPS Kalyanpur, we remain steadfast in our commitment to shaping young minds and nurturing future-ready individuals grounded in empathy, sensitivity, and compassion. Our endeavour is to provide an environment where every learner feels supported, inspired, and empowered to grow into a responsible and engaged global citizen.

A.P.J. Abdul Kalam beautifully stated, “Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great.” These words echo our educational philosophy. We believe that true learning is transformative—it ignites curiosity, fuels imagination, and leads every child to discover their unique potential.

Holistic development lies at the heart of our approach. We encourage academic excellence, creative expression, and emotional intelligence with equal vigour. Our students are motivated to explore, innovate, and contribute meaningfully to the world around them. By embedding strong moral values and a sense of purpose, we aspire to mould them into admirable individuals and responsible members of society.

Beyond Horizons stands as a proud reflection of these values—a celebration of our students’ achievements and the collaborative spirit that defines our school. I extend my heartfelt appreciation to the editorial board, students, and teachers whose dedication and creativity have brought this magazine to life. Your efforts embody the ethos of DPS Kalyanpur.

As we continue to inspire and empower, I am confident that the virtues instilled in our students will guide them towards a promising future, helping them illuminate the world with integrity, knowledge, and compassion.

I believe every child carries a spark capable of moving mountains. Let's nurture their curiosity, listen with empathy, and offer kindness and encouragement so we can kindle a lifelong love of learning. Children are present-day thinkers with unique perspectives, and with the support of dedicated teachers and a warm, welcoming school environment, they truly flourish. When classrooms become safe, inspiring spaces and teachers guide with patience, creativity, and passion, children feel valued, confident, and free to explore and discover.

Let us strive to create spaces where questions are celebrated, imagination is encouraged, and mistakes are seen as steps toward growth. As the saying goes, “If we want children to become creative leaders, we must learn to follow their lead.” And when we follow their lead with open hearts, we become partners in their journey rather than just instructors.

Wishing you all a joyful learning journey filled with curiosity, growth, and endless possibilities!

## Message from the Head Girl

**Soumya Barik**

Ever since I was in class fifth, the dream of becoming the Head Girl always felt like a distant aspiration. Now that it's a reality, time seems to have flown by so quickly. It's a bittersweet feeling, knowing that this chapter has come to an end, but I am filled with gratitude and contentment because I know that I honoured this position with all the dedication and heart it deserved. As I stepped into this role, I was filled with excitement and a bit of nervousness. With the unwavering support of my Vice Head Girl, Varchasvi, and the entire student council, we navigated every challenge together. This journey was not limited to the student council alone. The house council completed this circle of support. Iris House captain Pavitra Verma and Shamrock House captain Mehul Kalwani helped me more than they know. The council became more than just a team they became my family who I will cherish forever. And as we moved forward, each day added a new layer to this incredible experience. From the excitement of the IDFT and KSS football

tournament to the creative brilliance of Panorama, every moment became a testament to what a united council can achieve. Watching my seniors lead with quiet confidence taught me more than words ever could, and stepping into those responsibilities myself felt both challenging and deeply rewarding. Being one of the founding members of the Nyāyārth Club further strengthened my understanding of teamwork, clarity, and accountability, qualities that shaped my leadership every single day. This year taught me that connections matter more than positions. How you speak to people, how you treat them, and how you make them feel stays with them long after any badge comes off. I will cherish this experience forever because it shaped not only the leader in me but the human in me. I am eternally grateful to our Principal ma'am, Dr. Richa Prakash, and all our teachers for providing me with this opportunity and their unwavering guidance and support. As I look back on this incredible journey, I am reminded of the values that guided me—focus, passion, and learning. These values have shaped my experience and will continue to guide me forward. Thank you for being part of this amazing chapter. And to whoever holds this badge next, remember that leadership is never about standing above others, but about offering support, fostering communication, and carrying the passion that inspires people to walk not behind you but with you.

## Message from the Head Boy

**Syon Bhattacharjee**

Every morning, my eyes fall on the satin sash floating against the walls of my bookshelf - white, shimmering, its royal-blue letters spelling out the name I proudly wore in school all year. And every time I look at it, I feel a quiet sense of joy as I reflect on the incredible journey it represents. Being the Head Boy of Delhi Public School Kalyanpur has been one of the most meaningful experiences of my school life. Growing up, I would often glance at the wooden billboard in the reception area, reading the names of former Head Boys and Head Girls in awe. Thus, when I was entrusted with this responsibility, it felt like watching a long-held dream finally come to fruition. To begin with, I want to express my heartfelt gratitude to our Principal Ma'am, Dr. Richa Prakash, whose faith in me and unwavering support inspired me to perform my duties with confidence. I must also extend my sincere thanks to Senior Headmistress Ma'am and to all coordinators and teachers for their constant guidance. The most special aspect of being the Head Boy was the

opportunity to lead and organise school events in collaboration with the Student Council: together, we became a family built on teamwork. Inviting the DM and schools across the city for Panorama, buying plants for Teacher's Day, the drizzling rain of Panorama Day 1, the rehearsals - all memories I will cherish forever. To my peers and juniors, as future alumni of DPSK, let us always be kind, keep working conscientiously with intrinsic motivation, and continue bringing laurels to our school - touching beyond horizons. Being the Head Boy has been an honor that will always stay close to my heart. I wouldn't change a thing - except maybe step into a time machine, and relive these moments all over again.

## Message from President

As I approach the end of my school journey, it feels surreal to reflect on my time here. When I joined in Grade X, I was unsure of where I belonged. However, I learned that I could create my own space. Wearing the School President's badge made me feel truly accepted. This year has been unforgettable, filled with cherished moments like pinning on my badge each morning, laughter in the corridors, and the purpose I felt daily.

Organizing events with friends, such as special assemblies and Panorama, created some of my best memories—not just because of the events, but because of the people I shared them with. The friendships, supportive teachers, and guidance from our Principal Ma'am have shaped my experience. As I move forward, these connections and lessons will always be my greatest takeaway. Thank you for providing me with not just an education, but a place I could truly call my own.

## Message from Sports Captain

Being the Sports Captain of Delhi Public School Kalyanpur has been one of the most special experiences of my school life. When I was given this responsibility, I felt proud, grateful, and also a little nervous. Today, when I look back, I feel thankful to everyone who trusted me and helped me grow in this journey. I want to express my sincere gratitude to our entire Sports Teacher Council for always guiding me, correcting me, and supporting me in every task. A very big thank you to Ramesh Mishra Sir, whose constant encouragement and belief in me gave me the strength to perform my duties with confidence. I also thank our Principal ma'am, Dr. Richa Prakash, for giving me this opportunity and trusting me with this important role. One of the best parts of being Sports Captain was getting the chance to organise and host major events like KSS and IDFT, both prestigious football tournaments of our school. Planning these events, managing teams, and working closely with teachers and volunteers taught me teamwork, leadership, and responsibility. These moments will stay with me forever. I am also grateful to my fellow mates and juniors who always stood beside me and never hesitated to help. Their support made every challenge easier. Being the Sports Captain has not just been a position for me, it has been a learning journey that shaped my personality and built my confidence. I will always cherish this honour.

Walking through the corridors of DPS Kalyanpur for the last time felt heavier than I expected. Twelve years is a long journey to fit into a single moment and yet everything came rushing back the classrooms, the laughter between periods, the friends who grew with me and the versions of myself I left behind over the years. When I first stepped onto the badminton court, I didn't know what I was stepping into. I began with no real technique, no background just a small curiosity that slowly turned into something I cared about. The school gave me a space to learn, fail, try again, and grow without feeling pressured to be perfect. One match followed another, from interschool tournaments to district and state levels, and eventually national. Each step felt like proof that progress doesn't happen suddenly it builds quietly one day at a time. With every practice session, every competition, and every moment of support whether it came from teachers, coaches, or the atmosphere this place naturally creates I started discovering a version of myself I didn't know existed. Becoming the sports captain felt less like an achievement and more like a reflection of how much I had changed through the years. Now, as this chapter closes, I can see how deeply the school has shaped me through steady encouragement and countless small opportunities. I leave with gratitude woven into every memory, carrying forward everything this place helped me become.

## From the desk of Editor-in-Chief

“Arise, awake, and stop not till the goal is reached,” said Swami Vivekananda, reminding us that true progress demands courage, perseverance, and a purpose greater than ourselves. In a rapidly changing 21st century, education can no longer be limited to the delivery of facts; it must shape individuals who are empathetic, warm, and deeply sensitive to the world around them, so that they may help build a more compassionate and connected society.

Beyond Horizons, our annual school magazine, embodies this vision. It is committed to empowering students to use technology thoughtfully, to believe in the power of their ideas, and to build bridges that transcend borders and boundaries. Through literature and creative expression, it upholds enduring values and affirms that genuine education nurtures compassionate hearts just as much as informed and discerning minds.

As we confront the challenges of our times, we must equip our students with the ability to look beyond the visible horizon and to imagine a world that is more just, equitable, and peaceful. Adversity, in this journey, is not a stumbling block but a stepping stone—an experience that forges resilience, character, and a deeper sense of responsibility towards others. Each trial becomes an opportunity to grow stronger and contribute more meaningfully to society.

This magazine is a testament to the extraordinary potential of our students and a celebration of their achievements, spirit, and creativity. Through its pages, we share the many colours of their intellect, imagination, and sensitivity, highlighting not only their successes, but also their struggles and aspirations. In doing so, we hope that their stories will inspire, encourage, and enlighten everyone who reads them.

Beyond Horizons is, ultimately, more than a publication; it is a shared journey towards a brighter tomorrow. As we celebrate the efforts and accomplishments of our students, we also renew our collective commitment to shaping a world that is more compassionate, more just, and more peaceful for all. It is about looking beyond horizons, and working together—today—to create the future our children deserve.

**WE BELIEVE EVERY CHILD CAN**

It is a common belief that every child is born with a unique talent. However, it is not always clear what that talent is. As a principal, I believe that every child has the potential to excel in some area. It is our duty as educators to identify and nurture that talent. We should provide a supportive environment where every child can shine. We should encourage them to explore their interests and passions. We should provide them with the resources and opportunities they need to succeed. We should celebrate their achievements and encourage them to keep learning and growing. We should believe in every child and help them reach their full potential.

Building on this success, the club went on to host Inter-School Moot Court Competition and CSR Hackathon providing a wider platform that welcomed students from other schools encouraging innovation, and responsibility and collaborative thinking. Moving beyond legal events, Nyayārth also conducted a Menstrual Awareness Drive, reflecting its dedication to social issues and student welfare.*

*At the heart of the club stands our Nyayārth Sabha that played a pivotal role through their seamless coordination and dedication to ensure the smooth execution of every initiative. Nyayārth continues to inspire students to uphold justice with logic, empathy, and integrity.*

## Shaping Minds, Touching Hearts: A Teacher's Legacy

Teaching is a journey that touches my heart in ways I never thought possible. I still remember the day I heard about Flight Lieutenant Rishiraj Singh's tragic passing in a Jaguar fighter jet crash on July 9, 2025. He was just 23 years old, with a passion for flying and a heart full of dreams. As his teacher, I felt a deep sense of pride and loss. I had the privilege of teaching Rishiraj in middle school, and today I feel blessed to have been a part of his journey.

What I love most about teaching is seeing my students grow, learn, and thrive. When they come back to visit, their faces light up with happiness and gratitude, and it fills my heart with pride and satisfaction. It's moments like these that make all the hard work worth it. And even years later, when Teachers' Day messages and beautiful greeting cards pour in from students I've taught, I'm reminded of the profound impact that teaching can have on young lives.

Spending time with my students keeps me young at heart. Every day, I'm reminded of my own childhood as I watch them laugh, play, and learn. When they're eating their tiffins in class or chatting between lectures, I get a glimpse of my own mischievous past. I scold them with a smile, trying to maintain order while secretly enjoying the energy and enthusiasm they bring to the classroom. Teachers are the most privileged when it comes to cherishing childhood memories.

Every student is unique, every lesson a new challenge, and every moment an opportunity to learn and grow. It's a profession that requires patience, empathy, and creativity, but the rewards are immeasurable.

As I look back on my years of teaching, I'm reminded of the countless moments that have made it all worthwhile. The struggles, the triumphs, and the relationships formed along the way – it's all been worth it. I'm grateful for the trust my students have placed in me, and I'm humbled by the impact I've had on their lives.

I feel we all will agree that the memories, the laughter, and the lessons we've shared will stay with us forever. We'll continue to cherish every moment we spend with our students, and the nobility and purity of the teaching profession will forever be a guiding light in our lives.

## Discipline and the Silent Burden

In classrooms filled with chatter,  
Rules often fade like whispers.  
Students rush with restless minds,  
Forgetting respect that learning binds.  
A class that hums with endless sound,  
Where restless feet and laughs abound,  
The teacher stands with gentle might,  
Yet battles chaos day and night.  
For discipline is not a chain,  
Neither fear, nor anger, nor disdain,  
It isn't anger, it isn't blame,  
The struggle in teaching is much the same,  
To guide young hearts with gentle hands,  
While pressure mounts like shifting sands.  
O students, pause—  
Discipline is not just control,  
It is shaping character, making whole.  
If students pause, if teachers share,  
Together they'll build a classroom fair.

## Growing Together

Each year brings me a new set of students,  
and with them, a new journey. In the  
beginning, there is always a quiet distance  
students watch me carefully, measuring my  
words and my ways. But slowly, that distance  
melts. A hesitant child gathers the courage to  
speak, laughter slips into lessons, and a sense  
of trust begins to grow.

Our bond is not built only through chapters or  
exams. It strengthens in the little things: a  
student sharing a worry, a small victory  
celebrated together, or the sparkle in their  
eyes when they finally understand something  
that once seemed difficult. These moments  
remind me that teaching is not just about  
knowledge it is about connection.

Over time, I have realized that while I guide  
my students, they shape me too. Their energy  
keeps me young, their questions keep me  
curious, and their trust keeps me humble. The  
bond we share continues to deepen with each  
passing year, and it is this bond that makes  
teaching not just a profession, but a joy.

## ☀ शिक्षा: केवल अक्षरज्ञान नहीं, बल्कि चरित्र निर्माण की राह

आज का युग विज्ञान का युग है। हर क्षण नए-नए आविष्कार, तकनीकी प्रगति और तेज़ बदलावों से परिपूर्ण है। परंतु इस दौड़ में हम कभी यह भूल जाते हैं कि शिक्षा केवल किताबी ज्ञान या अंक जुटाने की प्रक्रिया नहीं है। यह तो एक ऐसी मशाल है, जो हमें जीवन की सही राह दिखाती है। हमें कैसे युग में जी रहे हैं जहां तकनीक ने हमें जोड़ा तो है पर आत्मीयता की डोर को कमज़ोर कर दिया है। सोशल मीडिया पर हजारों दोस्तों की भीड़ तो हो सकती है, लेकिन दिल की गहराइयों को सुनने वाला एक भी साथी मुश्किल से मिलता है।

एक शिक्षक होने के नाते मैं कहना चाहती हूँ कि समाज में सफलता की चमक को तो हम तालियों से नवाज़ते हैं, पर असफलता की ठोकर से टूटे मन की पुकार को अनसुना कर देते हैं। हम बच्चों से ऊंचे अंक तो मांगते हैं, पर उनकी मानसिक थकान को नजर अंदाज कर देते हैं। स्कूलों में बच्चों को अपनी भावनाओं को समझने और व्यक्त करने की कला भी सीखनी होगी। परिवारों में ऐसी सुरक्षित जगह बनानी होगी। जहां हर बच्चा बिना डर के अपनी कमजोरी को साझा कर सके।

यह मात्र एक लेख नहीं, बल्कि एक निरंतर संकल्प है-- हर उसे छात्र के लिए जो अकेलेपन की सर्द रातों में खोया है। एक फोन कॉल, एक साधारण संदेश, एक गर्म जोशी भरा स्पर्श, यह छोटे-छोटे कदम बच्चों को यह एहसास दिला सकते हैं कि वह अकेला नहीं है। जब हम किसी के अंधेरे में एक छोटा सा दीपक जलाते हैं तो हम न केवल एक जिंदगी बचाते हैं बल्कि मानवता की सबसे खूबसूरत मिसाल रचते हैं।

एक शिक्षक केवल विषय पढ़ाने वाला नहीं होता, वह एक मार्गदर्शक, एक प्रेरक, और एक संवेदनशील साथी होता है। खासकर जब हम 9वीं और 10वीं कक्षा के बच्चों से मिलते हैं, तो पाते हैं कि वे न केवल ज्ञान की तलाश में हैं, बल्कि अपनी पहचान बनाने के संघर्ष में भी हैं। इस उम्र में उनकी सोच, उनके सपने, उनकी चिंता, सब कुछ गूढ़ और मिश्रित होते हैं।

हमारी जिम्मेदारी बनती है कि हम उन्हें केवल गणित, विज्ञान या हिंदी के सूत्र न पढ़ाएँ, बल्कि उन्हें यह समझाएँ कि जीवन में सबसे मूल्यवान चीज़ आत्मविश्वास, संवेदनशीलता, करुणा और सामाजिक जिम्मेदारी है।

"पढ़ाई तो केवल अक्षर ज्ञान नहीं,

यह आत्मा की परख है, मानवता की पहचान है।"

आज के प्रतिस्पर्धात्मक समय में जहाँ हर कोई भविष्य की दौड़ में आगे बढ़ने की जद्दोजहद में लगा है, हमें यह याद रखना होगा कि एक सफल जीवन केवल किताबी ज्ञान से नहीं बनता। छात्रों को यह भी सिखाना जरूरी है कि असफलता में सीख छिपी होती है, कठिनाइयाँ अनुभव का आधार बनती हैं और संघर्ष ही उन्हें मजबूत बनाता है। आज के प्रतिस्पर्धात्मक समय में जहाँ हर कोई भविष्य की दौड़ में आगे बढ़ने की जद्दोजहद में लगा है, हमें यह याद रखना होगा कि एक सफल जीवन केवल किताबी ज्ञान से नहीं बनता। छात्रों को यह भी सिखाना जरूरी है कि असफलता में सीख छिपी होती है, कठिनाइयाँ अनुभव का आधार बनती हैं और संघर्ष ही उन्हें मजबूत बनाता है।

हमारे छोटे-छोटे प्रयास, जैसे उनकी बात ध्यान से सुनना, समय पर प्रोत्साहित करना, उनकी भावनाओं को समझना, उनके मन की उलझनों को सुलझाने में मदद करना—यही असली शिक्षा है।

कभी-कभी एक सटीक शब्द, एक मुस्कान, एक सहारा ही किसी छात्र के जीवन में नए उजाले की शुरुआत बन जाता है।

## **Nyayarth: Learning Law, Politics, and the Pursuit of Thoughtful Citizenship**

Every morning, as we open newspapers or scroll through headlines, we encounter elections, protests, international tensions, climate negotiations, and debates on justice and equality. These developments are not mere news items; they are threads in the intricate fabric of governance and society, threads that subjects like Political Science and Legal Studies help us unravel and understand. From the movements that led to India's independence to the ongoing struggles for rights and representation, history reminds us that democracy and law are not abstract ideals, they are hard-won commitments that require vigilance, courage, and participation.

From discussions on artificial intelligence governance to India's continuing dialogues on federalism, reservation policies, and social justice, these are not abstract topics confined to textbooks. They are living realities, shaping the way we experience the world. Political Science and Legal Studies act as our compass and lens, sometimes even as a wake-up call, guiding us through the complexities of contemporary life.

When students ask, "Why study politics or law?", the answer is simple: politics and law study us whether we notice or not. They are present in the price of food, the fairness of exams, the freedom of speech, and the protections the law affords us. The Indian Constitution, our nation's guiding document, enshrines these rights and duties, shaping how we interact with society and the state. Understanding its principles illuminates why laws matter and how citizens can safeguard justice, equality, and liberty. In guiding students through these disciplines, I have witnessed how understanding politics and law transforms passive observation into active engagement. As Paulo Freire, the revolutionary educationist, once observed, "Education either functions as an instrument to bring about conformity or freedom." These subjects equip students with the tools to think critically, question systems, and imagine change.

Teaching Political Science and Legal Studies today means preparing students not just for exams but for life itself. It means helping them connect a Supreme Court judgment to the rights they exercise at school, a global conflict to the petrol price at the local pump, or a parliamentary debate to their own aspirations for the future. These disciplines offer a toolkit of awareness, critical thinking, and action, reminding us that democracy and justice are not spectator sports; they require active participation.

## The Poem That Wouldn't Behave

I sat with a pen and a stubborn face,  
“I’ll write a plain poem, no fancy lace!  
No rhyme, no tricks, just words on the page—  
Like cabbage boiled twice, or a bird in a cage.”  
But oops! there it was—rhyme at the end,  
When two words sound alike, like “friend”  
and “pretend.”  
I groaned, “Alright rhyme, don’t get too  
cocky,  
You slipped in my poem like socks that are  
sock-y!”  
Next came alliteration—oh, what a curse!  
The sneaky, sly sounds kept slipping in verse.  
Then simile snuck in, as sly as a fox,  
Comparing my brain to a jammed-up  
lunchbox.  
Metaphor barged in—no “like” or no “as,”  
It just says, “You are something else!” ...  
Well, jazz.  
So now my poor poem is a circus, a zoo,  
Where ideas are lions and pens are bamboo!  
Onomatopoeia went bang! on the door,  
With crash, boom, and splat!—I could take no  
more!  
Then personification waved with a grin,  
“My coffee just winked, shall I let myself  
in?”  
By now, hyperbole leapt in so loud—  
“The WHOLE EARTH exploded! You’re  
cheered by a crowd!”  
Then oxymoron whispered, “I’m clearly  
confused,

A deafening silence you’ll find  
overused.”  
Pun made a joke, “I’m quite pun-ctual,  
see?  
Though poets don’t always find time for  
me!”  
Imagery painted with brushes so  
bright—  
“The moon spilled silver across the  
night,  
The air smelled of rain, and the breeze  
softly wept,  
While sunflowers bowed as the tired sky  
slept.”  
And just when I thought I had seen the  
worst sight,  
Irony chuckled, “You’re doing all right.  
You wanted no devices, but look what  
you’ve done—  
Your poem’s now crammed with every  
last one!”  
So here is my poem, a terrible mess,  
It broke every rule I had sworn to  
suppress.  
But hey—if my failure is teaching  
device,  
Then failing so badly feels almost...  
quite nice!

कुछ सुनते और कुछ समझाते।  
दो कौर तो उन्हें खिलाते,  
काश लौट तुम घर आ पाते ॥  
बाबा की लाठी बन जाते,  
झुकते कांधो का बोझ उठाते।  
घर की टूटी छत बनवाते,  
काश लौट तुम घर आ पाते ॥  
गोलू को क ख ग सिखलाते।  
अपनी गोद में उसे सुलाते।  
फिर हौले से संग सो जाते  
काश लौट तुम घर आ पाते ॥

गुड़िया के संग बच्चे बन जाते,  
सोते देख उसे मुस्काते।  
खुद उसका झूला बन जाते,  
काश लौट तुम घर आ पाते ॥  
माथे पर टीका लगवाते,  
हाथों में राखी बंधवाते।  
फिर थोड़ा सा मीठा खाते,  
काश लौट तुम घर आ पाते ॥  
गुड़िया पापड़ तुम भी खाते,  
बच्चों की पिचकारी लाते।  
अबकी होली हम तुम साथ मनाते,  
काश लौट तुम घर आ पाते ॥

## एक शहीद के घर की कहानी

कैसे दुश्मन को दहलाते।  
अपनी गाथा आप सुनाते  
खुद बेटे की वर्दी पहनाते:  
काश लौट तुम घर आ पाते ॥  
करवाचौथ का चाँद बन जाते,  
खुद हाथों से व्रत खुलवाते।  
और करवे का जल बन जाते,  
काश लौट तुम घर आ पाते ॥  
बात-बात में तु आ जाते,  
हर आहट पर तुमको पाते।  
आँखों से आँसू रुक न पाते,  
काश लौट तुम घर आ पाते ॥

मुझे प्यार से पास बुलाते,  
अपनी धड़कन मुझे सुनाते।  
कुछ पल हम भी साथ बिताते  
काश लौट तुम घर आ पाते ॥

## जिन्दगी - मेरी कलम से

ढलता हुआ दिन था मैं बालकनी में बैठी  
चाय की चुस्कियां ले रही थी अनायास ही , मन में एक  
विचार उतन्न हुआ ,

ये जीवन क्या है ?..? वो जो हम जी रहे है  
या फिर वो जो हम देख नहीं पा रहे ।

समय बीता जा रहा है किस उधेड़बुन में हम लगे हैं  
भाग दौड़ की इस जिन्दगी मे हम क्या ढूँढ रहे है ?

अपने आप को या फिर उन पन्नो को जो हमें कुछ  
और कहना चाह रही है

आसान नहीं है, ये रोहे जीवन की, ईश्वर प्राप्ति ही अंतिम सत्य है !  
पर क्या हम इससे वाकिफ हैं मैं पूछती हूँ उस जिंदगी से

कि ए मेरी जिन्दगी, तू हंसाती भी है, रुलाती भी है,  
तू सब सिखाती है, पर वास्तव मैं तू क्या है ?  
ईश्वर की दी हुई एक वरदान या एक मजबूरी !

इन विचारों के समन्दर से मैं भाव विभोर हो गई,  
और फिर अपने आप से कहा ए मेरी जिन्दगी, तू मुझे  
समा ले अपने आप में एक बार फिर मुझे जीना सिखा दे.....

## سوشل میڈیا اور طلبہ کی ذمہ داری

سوشل میڈیا اور طلبہ کی ذمہ داری (مختصر مضمون)

جدید دور میں سوشل میڈیا نے انسان کی زندگی میں اہم کردار ادا کیا ہے۔ یہ طلبہ کے لیے علم حاصل کرنے، اساتذہ سے رابطہ کرنے اور نئی معلومات تک رسائی کا آسان ذریعہ ہے۔ آن لائن لیکچرز اور تعلیمی مواد سے طلبہ اپنی صلاحیتوں کو بہتر بنا سکتے ہیں۔

تاہم اس کے منفی اثرات بھی ہیں۔ وقت کا ضیاع، غیر اخلاقی مواد اور غیر ضروری مصروفیات تعلیمی کارکردگی کو متاثر کر سکتی ہیں۔

لہذا طلبہ کو چاہیے کہ سوشل میڈیا کا استعمال ذمہ داری اور اعتدال کے ساتھ کریں اور اسے تعلیم و تربیت کے لیے بروئے کار لائیں۔

## سوشل میڈیا اور تُلُبا کی ذمہ داری

سوشل میڈیا آج کے وقت میں تُلُبا کی زندگی کا سب سے اہم حصہ بن گیا ہے۔ یہ ماحول کو بڑھانے، علم اور نئی چیزیں سیکھنے کا اچھا ذریعہ ہے، لیکن اس کا جبروت سے زیادہ استعمال اور غلط استعمال پڑاؤ میں مشکلات، جہنی پریشانی کی اور وقت کی بربادی کی وجہ بن سکتا ہے۔ تُلُبا کی ذمہ داری ہے کہ وہ سوشل میڈیا کا عہدیتا سے، اور سہی مکرسد سے استعمال کریں۔ انہیں غلط ماحول سے بچنا چاہیے، اپنی ذاتی ماحول سے ہفاجت سے رخنہ چاہیے اور پر امن رہیہ اپنانا چاہیے۔ سہی سیمٹ میں استعمال کیا گیا سوشل میڈیا تُلُبا کے مستکبیل کو روشن بنا سکتا ہے۔

## Chemins de Vie

### Demain, Dès L'Aube...

Demain, dès l'aube, à l'heure où blanchit la campagne.  
Je partirai. Vois-tu, je sais que tu m'attends.  
J'irai par la forêt, j'irai par la montagne.  
Je ne puis demeurer loin de toi plus longtemps.

Je marcherai les yeux fixés sur mes pensées,  
Sans rien voir au dehors, sans entendre aucun bruit,  
Seul, inconnu, le dos courbé, les mains croisées,  
Triste, et le jour pour moi sera comme la nuit.

Je ne regarderai ni l'or du soir qui tombe,  
Ni les voiles au loin descendant vers Harfleur,  
Et quand j'arriverai, je mettrai sur ta tombe  
Un bouquet de houx vert et de bruyère en fleur.

### "Home in Their Hearts"

Nous venons de terres lointaines,  
De mers profondes, de plaines anciennes.  
Nos langues chantent mille sons,  
Mais nos cœurs battent à l'unisson.

Chaque culture est une couleur,  
Qui peint le monde avec douceur.  
Nos différences sont des fleurs,  
Qui font éclore le même cœur.

Ensemble, nous formons la vie,  
Un seul espoir, une harmonie.  
Car l'amour n'a pas de frontière,  
Il unit l'humanité entière.

~ Shanvi Agarwal

Chaque jour s'ouvre comme un livre blanc,  
Des pages à remplir, des choix importants.  
Parfois le vent souffle, parfois il se tait,  
Mais avancer, c'est toujours trouver la paix.  
Les obstacles sont des leçons à apprendre,  
Les erreurs, des guides pour mieux comprendre.  
Nos rêves sont des lanternes dans la nuit,  
Ils illuminent nos pas, ils nourrissent la vie.  
Alors marchons avec courage et foi,  
Chaque pas compte, chaque geste a sa loi.  
Le futur s'écrit avec nos mains,  
Construisons un monde juste et humain.

### Rêves et Espoirs

Dans le ciel clair, nos rêves s'envolent,  
Comme des oiseaux qui jamais ne s'isole.  
Chaque jour apporte un nouveau chemin,  
Un pas vers demain, un pas vers le destin.

Le soleil brille même après la pluie,  
Nos cœurs gardent toujours la vie.  
Avec courage, amour et amitié,  
Nous pouvons tout changer, tout créer.

Alors avançons, main dans la main,  
Transformons nos rêves en demain.

### "Home in Their Hearts"

In quiet halls where dreams still grow,  
A hundred hearts with love to show.  
No mother's arms, no father's voice,  
Yet in each smile, a brave new choice.

They rise each day with strength unseen,  
In worn-out shoes, but eyes that gleam.  
They share one roof, they share one song,  
Together they learn to stand up strong.

A lullaby sung not by kin,  
But by kind souls who walk within.  
This orphanage—a house of grace,  
Where life still blooms in every face.

Though pages past may bear some pain,  
Their futures glow like morning rain.  
Not by blood, but love they stay—  
A family formed in a different way.

## A Memorable School Trip to Chail and Shimla

Our school organised a trip to Shimla at the beginning of June, which was an unforgettable experience filled with fun, learning, and adventure. The trip brought a refreshing break from the usual classroom routine and gave us memories to remember for a lifetime. When we reached Chail, we visited the Chail Palace. We went for a short nature night trek, where we explored the forests and learned about the local flora and fauna. The mountain air and the sound of birds made the trek truly refreshing.

At midnight, a bonfire was organised at the resort. Surrounded by the warmth of the fire and the chilly wind, thrilled with horror stories. That day, we also did rope way, hangman, and passing the parcel. It was the highlight of the 2nd day.

The next day, we moved to Shimla, the capital of Himachal Pradesh. We walked along the Mall Road, visited The Ridge, and bought a souvenir for this memorable trip.

Throughout the trip, we talked with our friends and teachers and relaxed. The meals were delicious, and the hospitality of the coaches made us feel at home. As we returned to Kanpur, our hearts were full of joy, and our minds filled with stories to tell.

The trip to Chail and Shimla was more than just a vacation—it was a wonderful blend of adventure, nature, and learning. It strengthened our friendships, taught us teamwork, and gave us a deep appreciation for the beauty of the School trip.

Nature breathes where we forget,  
 In quiet winds and sunsets set.  
 We build with hands, destroy with ease,  
 Yet long for shade beneath the trees.  
 Her rivers cry, her skies grow dim,  
 Still, she forgives our every whim.  
 If we return with open eyes,  
 We'll find ourselves beneath her skies.  
 Human and earth—forever tied.

### Finding ourselves

People say normal is perfect,  
 But to be normal you have to act.  
 Be the you, be the change,  
 be the person that one has never seen.  
 Voice your opinion, believe yourself,  
 have faith and be yourself.  
 Being normal is a myth,  
 you must remember and that is what I say.  
 Act yourself, don't copy others,  
 be different, don't follow others.  
 Choose the path that makes you apart,  
 choose the perspective that makes you  
 shine.  
 Look at the mirror, see the reality,  
 break the perception and see the beauty.  
 Don't compare and shatter yourself,  
 Horray!! Now, you found yourself.

### THE PEER PRESSURE PENDULUM

Peer pressure may whisper, but your path deserves a louder voice.

-Shivanshi Singh 12-C3

You are an ocean

Don't ever think you're not enough,  
Or feel unloved when times are  
tough.

You are the ocean—deep and wide,  
With quiet strength you hold inside.

You don't need noise to show your  
power,  
You bloom like waves in every hour.  
Even when no one seems to care,  
You shine like salt and sky and air.

They may not see your gentle heart,  
But that's not where your value starts.  
You're not too much, you're not too  
small—  
You're made of stars, you hold it all.

So when you feel like fading out,  
Remember this without a doubt:  
The ocean never tries to be—  
It just exists, proud, wild, and free.

"The Bell That Rang for Us"

In quiet halls where echoes play,  
We grew a little more each day.  
From shaky steps to dreams so wide,  
These walls have seen us laugh and  
cry.

The chalk, the boards, the morning  
song,  
In this small world, we did belong.  
We found our voices, learned to fly,  
Asked every how, and every why.

Friendships bloomed like flowers  
bright,  
Lit up our darkest days with light.  
Teachers' words, both kind and wise,  
Still echo under morning skies.

Now time has come, the pages turn,  
With heavy hearts, yet hope we burn.  
For every end's a start anew,  
And stars are waiting past the blue.

So here's to lessons, love, and grace,  
To every smile, each warm embrace.  
Our school — a home, a sacred place,

# CANVAS OF DREAMS

This fine arts thesis examines raffia curves as a significant expression of tribal art, focusing on their organic forms, cultural resonance and material language. It also traces my studio practice, shaped by my teacher Mr. Abhinay Prakash Sir, who nurtured my curiosity and encouraged experimentation with diverse tribal art forms and usage of mixed media, using sustainable materials like cloth on a stick used to paint the raffia curves to create different textures.
